

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA WEDNESDAY EVENING, MAY 17, 1911

NUMBER 36.

NOTICE TO THE TRADING PUBLIC

We will, on Saturday, May 20th, open for business our General Merchandise Store in the building west of the Ada National Bank, and will convince the discriminating buyer that we are in a position to quote prices that will not be met by competitors. While our stock is not complete in every detail as yet, there being large consignments of goods en-route, we have in stock now about \$20,000 worth of good dependable Dry Goods, Notions, Ladies' and Gent's Furnishing Goods, bought at 50c on the dollar which enables us to sell at less than wholesale cost and still make a profit. Within a few days we will open our grocery department which we expect to make the most complete and up-to-date grocery store in the city. In this department, as well as throughout our immense stock, we expect to make a specialty of High Values and Low prices. Call on us and let us show you our goods, tell you how much we want your trade, and how we are going to try to get it. Very respectfully.

ADA TRADING CO.

1ST DOOR WEST ADA NATIONAL BANK, ADA, OKLAHOMA

WHAT THE CENSUS SHOWS

Comparison of Figures for Pontotoc County—Federal Census Returns of 1907 and 1910.

The census bulletin just issued by the federal bureau gives the following detailed returns for Pontotoc county. It will be noted that Ada made a substantial gain in population during the period from August, 1907, to April 15, 1910. Roff and Stonewall show slight decreases and Francis makes a slight gain.

Of the townships Chickasaw, Francis, Maxwell and Stonewall show gains, while Allen, Fitzhugh, Midland show losses.

	1910	1907
Pontotoc county	24,331	23,057

ADA NORMAL LOSES ARKANSAS DEBATE

B. L. French and Roy Ehrhridge, the normal debating team that met the Arkansas normal team at Conway on the 15th returned home this morning. Prof. Lilly who accompanied them, states that the Ada men put up a powerful fight and out-classed the Arkansas champions at every point, but the decision went against them. The first judges agreed upon could not or would not serve, and in the hasty selection of substitutes the Ada boys did not fare so well.

This is the first time the Ada normal has met another school but the News hopes it is only the beginning of a system that will prove profitable to the young men.

E. R. Stewart of Arlington, Tex., is here today working in the interest of the Home Mission and Rescue Commission of Arlington.

After Supper

What serves better to make you forget the troubles of business after the day's work is over than a good cigar. We have both domestic and Havana cigars and keep them in a condition that keeps them from losing their flavor.

Have you seen our new Kalabash Pipes? They are a dream.

TWO DEBATES PULLED OFF

ROLAND AND SNOW SPEAK IN
AFTERNOON AND BOLEN AND
CLARK IN EVENING.

The last of the socialist debates were held yesterday afternoon and evening, and the democrats who attended have been expressing themselves as highly pleased with the manner in which Roland and Bolen the democratic champions, conducted their side.

As stated in yesterday's paper, Roland and Snow held the boards in the afternoon. Their debate was along

R. C. ROLAND

money to states and municipalities to enable them to carry on extensive systems of public works.

COURT MADE A RECORD IN SEMINOLE COUNTY

Last week's Wewoka Democrat gave an account of the wonderful record made at the recent term of district court at that place. In eight days there were nineteen convictions or pleas of guilty, one acquittal and six forfeitures of bonds. The Democrat is unsparing in its praise of Judge McKeown and County Attorney Pryor, who won his victories against heavy odds.

J. E. Jones left for McAlester this morning to attend the meeting of the state pharmaceutical association.

Get the habit—Buy your bread from the Model Bakery wagon. 29-dtf

WE DO SELL GROCERIES

Not by accident, but because the goods we sell are right in quality and right in price. We want your trade—not on sentiment—but on merit. It must be good if we sell it. We invite all, especially the ladies, to come to our store and take a look through, we believe you will find your every want met in Quality Goods and palate tickling dainty things for the table

MEETING OF COMMERCIAL CLUB

COMMITTEE ON ORGANIZATION
APPOINTED—MAY SEND MAN
WITH FRISCO BOOSTER
TRAIN.

The second meeting of the commercial club was held last evening and was well attended by the leading business men of the city.

On motion S. M. Torbett was made chairman of the meeting. The first question presented for solution was that of membership. Several firms having signed as such. A motion of

ferred by Mr. Rinard that all members come in as individuals and not as firms, was carried. It was proposed to create two grades of membership, the associate members to be taxed a smaller amount than the other. It was argued that the proprietors of businesses and property owners should be taxed heavier than others who have small property interests in the city. On the other hand, it was argued that in the club itself all should pay alike and that when additional money was needed it would be raised from among the business men, and the matter would be equalized in that way. The latter view finally prevailed and a motion to create the two divisions of membership was voted down.

A motion was offered by S. M. Shaw that the organization be per-

fectured by the election of officers. Otis Weaver offered a substitute directing the chair to appoint a committee of five on organization, who should outline a plan at the next meeting. The motion prevailed and then a question arose concerning the powers of the committee to make nominations. Mr. Weaver declared that he had no such idea when he offered the motion, but after some discussion a motion prevailed that this power be conferred upon the committee.

A communication was read from F. S. White agricultural and horticultural commissioner of the Frisco railroad offering to bring his car of exhibits to Ada and deliver a lecture to those interested. On motion of Mr. Weaver an invitation was extended him.

The last matter to come before the meeting was that of sending a representative with the Frisco booster train that will leave Muskogee May 23. E. D. Austin moved that a committee of three be appointed to solicit funds to send a man. Motion carried and E. D. Austin, W. S. Morrison and A. H. Burgess were appointed. S. M. Torbett was elected to make the trip in case the funds were forthcoming.

The next meeting of the club will take place Tuesday evening of next week.

—ADD commercial club...
The chairman deferred the appointment of the committee on organization until today. After due consideration he announced the following five, who with the chairman, who was made a member on motion, compose this important committee: R. W. Simpson, A. K. Thornton, W. S. Morrison, M. Levin and Rev. E. M. Sweet.

T. J. Chambless was in from Stratford this morning transacting business and giving his many old time friends the glad hand.

It is only natural that a powder which soothes and refreshes your skin will bring comfort and beauty. No housewife would think of paying the same price for every baking powder on the market. There is just as much difference in talcum powders, but few people know it, and all powders sell at about the same price.

You owe it to yourself to be careful what you put on your face. It is just as im-

portant as what you eat. The talcum we sell is made from the purest and best materials. It costs us more than the other kind but it DOESN'T COST YOU ANY MORE. If it pays us to sell this kind on a far smaller margin of profit, it stands to reason that it pays you to buy it.

THE STANDARD OIL DECISION.

Public men are now speculating on
the probable effect of the Standard
Oil decision. Contrary to expectations
it did not materially affect the price
of stocks on the New York exchange
and when carefully analyzed the vic-
tory appears to be a rather barren
one. The court decided that unless
a corporation was using its power
unreasonably to control and restrain
trade it was not violating the law.
It will now be up to the government
to establish the fact of the reason-
ableness or unreasonableness of the
restraint before it can make a case
that will stand. The chances are that
the Standard Oil company is losing
no sleep over the decision. It will
probably reorganize and continue
business at the old stand and wait
until the courts decide that the com-
bination is unreasonable and then
take some other tack against the
wind.

THE VALUE

Of well-printed, neat-
appearing stationery as
a means of getting and
holding desirable busi-
ness has been amply
demonstrated. Consult

Sixty Years the Standard.

OUR SQUABBLING NEIGHBORS.

Oklahoma City bids fair to lose
her reputation for the harmony that
has made that city the greatest of
the Southwest. Just now the interest
of the public is absorbed in a fight
between the old city government and
the new commissioners, the first re-
fusing to step down, and hand over
the reins to their successors. In ad-
dition to that the school board is
rent into factions and two bodies,
each claiming to be the real board
are transacting business. Tulsa is al-
so torn up over the school board
question, the city boasting of two
school boards, two superintendents
and two faculties for the next term
of school. Sulphur is also engaged
in factional fights, it appearing that
one faction is bent on landing the
other in jail. Ada is to be congrat-
ulated on the harmony prevailing
among its citizens and the utter ab-
sence of any factional feeling. This
spirit means prosperity and progress.

Mrs. Mason Improving.

Mrs. B. A. Mason was operated on
at 3 o'clock this morning for appen-
dicitis. It was at first feared that
the operation might have delayed a
little too long, but late this after-
noon the News was informed that she
was doing well.

The Mighty Lesson of Real Sanitation Has Been Learned by Our Army.

There were many hopeful signs.
There was sickness in the camp, of
course, for there were many, many
recruits in it, and recruits always
bring the sickness in; but there was
practically none among old-timers—
second, third or fourth enlistment
men. Measles, mumps and typhoid
they dodge cleverly, these days. Few
men except the freshly joined and
a few with whom the newly typhoid-
inoculation had gone a little hard
were in the hospitals. The new ty-
phoid-inoculation knocks everyone
who takes it, for a day or two.

The mighty lesson of real sanita-
tion has been learned—there is no
doubt of that. It is hard to keep
things tidy, where, when it rains (and
the Army took with it the heaviest
rains known in that part of Texas,
at that season, for a long period of
years,) the soil forms in a "gumbo"
which gathers on the tramping feet
to the weight of a full pound, and
where, when it is dry, the dust flies
in such clouds that one must keep
his eyes half shut in order to protect
them and see clearly how to guide a
mounted animal. It is hard to keep
things clean—but they were kept
clean down at San Antonio.

The wonder of their cleanliness and
the importance which by the regulars
is attached to it has been, indeed,
so far as I can learn, the thing which
most impressed the assigned officers
from the state militia organizations,
here from many sections of the union.
—From "With the Army in Texas," by
Edward Marshall in June Columbian.

Trolley Car Accident.

Oklahoma City, Ok., May 16.—E. L.
Carruthers, a motorman, was killed,
and eight persons, all of Oklahoma
City, were seriously injured about 10
o'clock tonight when a Britton In-
terurban car jumped the track near

the street car station, three miles
north of Oklahoma City.

The injured are Rev. L. L. Burkett,
Mrs. Della Waymire, Miss Stella
Hughes, Mrs. J. H. Frost, L. J. Fow-
ler, his wife, his daughter, Frances,
7 years old, and his 11-month-old
daughter.

The accident occurred at an isolat-
ed spot.

Passengers who were on the car
state that it was going at a high
speed and jumped the track as it was
rounding a curve.

The body of the car was torn from
the trucks and dashed against a trol-
ley pole. It was smashed almost into
kindling.

YOU SHOULD BE INTERESTED

in any method that reduces the la-
bors about the household. Electricity
saves many steps and is the best
servant you could install in your
home. A few of the many things you
are able to accomplish with the use
of electricity besides lighting your
home: There is washing the clothes,
operating the sewing machine, cook-
ing, baking, heating and ironing.
Electricity is no longer a luxury—
it's a necessity.

Youthful Baseball Phenomenon.

Spokane, Wash., May 17.—Paul
Strand, southpaw pitcher on the Spok-
ane team of the Northwestern Leag-
ue, just sold to the Boston Ameri-
cans for \$5,500, is the youngest play-
er in organized baseball in America.
He is a native of the state of Wash-
ington, born in December, 1893, on a
farm at South Prairie, where his par-
ents settled 20 years ago, soon after
arriving in this country from Swed-
en.

There are several interesting in-
cidents in young Strand's brief car-
eer. He won his first three profes-
sional games playing with Spokane
this season, allowing but 15 hits and
striking out 30 men. In the second
game here against the Victoria (B. C.)
team he struck out the first three
men at bat with nine pitched balls.

Strand is a trifle more than six
feet in height and weighs 180 pounds.
He has developed unusual speed and
shows control and some generalship.
Veterans declare he will be the
sensation of the year as soon as he
acquires some of the finer points of
the game. He is a natural player,
throws well to the bases and works
fast. Off the field he is quiet and re-
served, passing his leisure in study.

His playing with the South Prairie
team last summer attracted the at-
tention of Joe Cohn, manager of the
Indians, who secured the youngster's
parents signatures on a contract, be-
fore the other leaguers could get to
them. Cohn's judgment was verified
soon afterward, when Strand, then
pitching for his home team, shut out
Tacoma's crack amateur team, al-
lowing three hits and walking 18
men.

"My parents were opposed to my
plan to become a professional ball
player," said Strand in an interview
in Spokane recently. "My mother
cried at first, but afterward con-
sented, telling me to be a good boy
when away from home. Father inti-
mated he would not spare the strap
if I failed, so I just had to make
good."

Artistic Concrete Surfaces.

Recently much attention has been
devoted to surface treatment of con-
crete structures, and some artistic
and pleasing effects are being obtain-
ed. This is serving the purpose of
eliminating objections raised by archi-
tects and others to the use of con-
crete for exposed surfaces. From an
artistic standpoint the ordinary, un-
treated concrete surface, it must be
admitted, is anything but pleasing in
appearance, being a comparatively
lifeless surface of a sombre, grayish
color. It makes no difference what
cement, sand or aggregate is used or
how they are mixed, the surface is
always the same, and it has been this
monotonous similarity in the appear-
ance of all untreated concrete sur-
faces that has caused architects to
object so strongly to their use for
ornate structures. Those who have
devoted study to the subject have
demonstrated that by using various
kinds of aggregates and by brushing,
rubbing and tooling the surface
causes the aggregate to be exposed
and a variety of exposed surfaces
can be secured. The results of this
work will cause concrete to be more
generally used for the best grade of
structures than perhaps any other
previous development in the indus-
try. An interesting illustrated treatise
on this subject has been published
by the Universal Portland Cement
Co. of Chicago and Pittsburg, under
the title of "Concrete Surfaces." The
subject is considered in thorough de-
tail, and directions are given for
properly securing the desired effects
of exposed surfaces, but numerous
illustrations (among them several
color plates) show in detail the splen-
did results that are being achieved.
Copies of this booklet will be sent
without cost to inquirers.—Ex.

Eczema Cure a Beauty Wash.

Although D. D. D. Prescription has
been recognized for years as the one
remedy for Eczema, Psoriasis, and
all other forms of skin diseases, it is
now known that there is no other
wash, even those used by the beau-
ty specialists, that can compare with
this mild liquid for cleansing the
skin of pimples, blackheads, rash,
and all similar skin affections.

For this reason alone, a bottle of
D. D. D. should be kept on hand in
every household. A trial 25c bottle
will show you the merits of this
great remedy as a complexion wash.

D. D. D. seems to remove the cause
whatever the trouble may be, cleans-
ing the skin, and leaving it as soft,
as smooth and clear as that of a
healthy child.

Get a 25c bottle today and keep it
in the house.

Dr. King's New Life Pills are a splen-
did remedy for women. They gave me
wonderful benefit in constipation and
female trouble, wrote Mrs. M. C. Dun-
lap, of Leadhill, Tenn. If calling, try
them. 25c at Ramsey Drug Co.

A MERCHANT

WHO DOES NOT ADVERTISE

**Believes it More Profitable to Sell to Peo-
ple Who Know Little About What
Things Should Cost!**

He is content to do without the patronage of the
people who read ads--and who thus KNOW
PRICES and VALUES--if he can get a "lucky
share," through "location" or other reasons, of the
patronage of people who are not educated, by ad-
vertisements, to "know."

He realizes that as soon as any of his patrons be-
come ad readers, he loses their trade--but he hopes
that there may always be a great per centage of
shoppers who do not read ads. And he knows
that with such shoppers he stands on equal footing
with the enterprising merchant.

**A Merchant's Best Reason For Not Advertis-
ing Is Your Best Reason For Not
Patronizing His Store!**

The \$35 Kitchen Cabinet

WILL BE GIVEN AWAY

SATURDAY, MAY 20th

PROMPTLY AT 3 O'CLOCK P. M.

Every lady is cordially invited to be present. READ what the following persons have to say in regard to the

NEVER-BREAK PORCELAIN RANGES.

I have purchased and used a blue porcelain "Security" Range and find it perfectly satisfactory. The most attractive feature being that the entire cooking surface is of even heat and that the range itself is easy to keep clean and good to look at. Mrs. Y. N. Finley, Ada, Okla. May, 1911.

This is to certify that we have bought one of the Porcelain Ranges and find it even better than the salesman recommended. It is easy to clean and a fine cooker and baker. I would not think of taking my money back and do without it. I think that any one will not regret buying one of the Baby blues. Yours MBrs. T. E. Graham.

Teachers and School Boards.

A citizen of Pontotoc county hands in the following view on the relation of teacher and school board:

It is reported that there are many teachers holding down (on promises) two or three schools for the coming year. Of course when the proper time comes they will select the best and report to the other unsuspecting school boards that they have contracted to teach at another place this year. This system is no more unfair than for a board of trustees to continue to receive applications for two or three months and then select one from the long list of applicants.

Trustees should hunt the teacher for the next term just after the Xmas holidays and hire her. Then there would be no occasion for teachers to be hunting trustees, and flooding the country with applications. It costs most teachers from \$5.00 to \$25.00 to get a position for the next year's work, and school boards are more able to hunt their teachers than the underpaid and underfed teachers are to hunt school boards.

Ada Trading Co. Ready for Business.

The Ada Trading Co. makes its bow to the public in today's issue. The new firm begins with a quarter page and this is extremely interesting reading, too. The Ada Trading Co., begins business under the most favorable auspices and under the management of E. W. Hardin will make good and gain recognition as one of the progressive firms of Ada.

Blank deeds, mortgages, notes, rental and lease contracts, oil and mineral leases, and other legal forms on sale at the News office. d&w-tf

CHILDREN IN THE HOME

This great remedy assists nature in all necessary physical changes of the system, affords bodily comfort during the period of waiting, and preserves the symmetry of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

BRADFIELD REGULATOR CO.,
Atlanta, Ga.

MOTHER'S FRIEND

The highest type of happiness is reached by having children in the home; but the coming of the little ones is often attended with apprehension and dread. Mother's Friend if used by the expectant mother in preparation of the ordeal, carries her through the crisis with safety.

DIAZ MAY STEP DOWN

AGREEMENT WITH REBELS AL-
MOST REACHED—LA BARRA
TO BE PROVISIONAL
PRESIDENT.

City of Mexico, May 16.—There was some anxiety and a little irritation apparent in the capital this morning because there was as yet no official publication forthcoming in regard to the manner in which and when Diaz and Corral are to resign and the temporary government under the presidency of De la Barra will be established. However, I believe I have the best reasons for thinking that this delay in publishing the plans and resolutions which have been reached has not the importance which for the moment, at least, the public is attaching to it. The delay should not be interpreted that any hitch has arisen or obstacle presented itself. There may be further modifications. There are apt to be in Mexico, always, but as a matter of fact, tonight everything is arranged even to the names of the provisional ministry which will serve with De la Barra until the elections, which will be hurried along, are held. Of course the whole arrangement may be upset but tonight there is every human probability that peace will be declared on a definite basis.

May 25 the Date.

The resignations of Diaz and Corral will be received and filed away and the provisional government duly installed on or about May 25. By that date barring accidents, Gen. Reyes will have arrived in the Capital, and he will immediately take charge of the Ministry of War. While De la Barra, provisional president, with congress will issue writs for the new elections. Gen. Reyes will be especially charged with enforcing law and order and in the pursuit of suppression of banditry, which now, as in every civil war, are hanging on the fringe of both armies, one day bringing disrepute upon one, the next day upon the other of the contending parties.

Gen. Reyes should arrive at Havana on May 18 or 19. There he will find awaiting him safe conduct from Senor Carranza, Minister of War in Madero's cabinet. While in Havana Reyes will issue a manifesto, in which he will say that his homecoming is merely inspired by the desire to perform his civic duties, that he comes animated by the most pacific purposes and resolves that he has not the slightest desire to oppose, as has been suggested he had, the will of the people, but that he comes as a patriotic soldier to enforce the will of the people. As soon as Reyes is in the capital and sooner, should the necessity or emergency arise, the resignations of Diaz, Corral and as yet an undetermined number of governors of states will be published in the official gazette and the provisional government will be quietly installed.

Body Found in Pond.

McAlester, Ok., May 16.—Boys swimming in a deep pond near the Rock Island depot in Krebs found the floating dead body of Pasquale Barardo, an Italian 26 years old. Investigation showed he had been drowned. He was last seen Saturday midnight.

The Risk Is Ours

We want every woman in this city to know of the beneficial results that follow a treatment of Rexall Vegetable Compound and also that we will pay for the medicine if it does not help you.

Many women are in so serious a condition that they are in need of prompt surgical treatment but, in treating the ordinary ailments peculiar to the female sex, Rexall Vegetable Compound may be relied upon to assist in restoring normal conditions, and this without risk to the patient.

We offer suffering women in Wematchee this preparation with the guarantee that it contains nothing harmful; that the ingredients are such as are commonly used by reliable physicians in treating these ailments; that we will tell you or your physician exactly what these ingredients are; and further, if after treatment, no beneficial symptoms are noticeable, we will return every cent you have paid us for this remedy—we will take the risk.

Remember Rexall Vegetable Compound is sold only at our store—The Rexall Drug Store, Price, \$1.00. Gwin & Mays Drug Co.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

Influence of College Debating Societies.

The annual banquet of the Senate Literary and Debating Society, held at the University last week, called forcibly to mind the fact that some of the greatest public men the country has ever known have received their primary training in the debating clubs of the colleges and universities of the land. The value of these student activities can scarcely be estimated when it is remembered that such leaders as Robert E. Lee, William McKinley, Jefferson Davis, Henry W. Grady, Senator Lafollette, and many others of this and the past generation first learned to express clearly and convincingly their thoughts in the halls of college debating clubs. Over 50 per cent of the men who have graduated from the University of Oklahoma were members of the Senate while in college. Already the Senate and Forum, the two oldest debating societies of the state university, have sent forth many men who though still youthful are beginning to attain prominence in the affairs of the state, and time may enable them to boast names of national fame. No boy—or girl either in this age—who goes to college, can afford to neglect the opportunity which these organizations offer.

THROW OUT THE LINE.

Give the Kidneys Help and Many Ada People Will Be Happier.

"Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute.

Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

O. P. Oldham, prop. of store, Coal-gate, Okla., says: "I began using Doan's Kidney Pills about six months ago when I was feeling out of sorts, as the result of disordered kidneys. I suffered from dull pains through my back and loins and other pronounced symptoms of kidney disease. Being advised to try Doan's Kidney Pills, I procured a box and they proved to be just what I needed. Soon after I began using Doan's Kidney Pills the backache disappeared and my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Tallest Building in the World.

The Woolworth Building, which is being erected at the southwest corner of Broadway and Park Place by F. W. Woolworth, the 5 and 10-cent store man, will be finished a year from next fall. This building, of which very little has been made known, will be the tallest office building in the world. It will be fifty-five stories high, and next to Eiffel Tower, in Paris, will be the tallest structure that has ever been erected. It will be taller than the Metropolitan Tower, which now holds the record by fifty feet, and will be thirteen stories nearer the clouds than the Singer building, the next tallest structure, it will measure 750 feet from the top of the cupola down to the street level and will contain more than 20,000 tons of steel girders, thirty-six elevators, 13,200,000 cubic feet of space, a swimming pool in the basement, an observatory station in the tower, four self-containing stairways and the cost will be more than 7½ million dollars.

The main structure will be twenty-nine stories high and will measure 152.1 feet on Broadway, 197.10 feet on Park Place, and 192.6 feet on Barclay street. One of the principal features of the building will be a tower which will rise from the main structure 366 feet. It will be twenty-six stories high and will be eighty-six feet wide and eighty-four feet long. On the top of this will be an immense electric light which may be seen for miles around the country. On the fifty-fourth story will be the observatory, which Mr. Woolworth proposes to open to the free use of the public.

The structure will be one of the handsomest of its kind in the entire universe. In design it will be a combination of the Italian, French and modern Renaissance throughout the main part, with Gothic steeples at the roof of the main structure. The building will rest on a foundation which is said to be the greatest ever constructed. It will run down to bedrock a distance of from 110 to 120 feet below the street level, through caissons many of which will be nineteen feet in diameter. This part of the project, which is being built by the Foundation Company of New York, will cost 2 1-2 million dollars and will be completed in a few weeks. The general contract for the construction of the building has been awarded to the Thompson-Starrett

VOLUME 8.

ADA, OKLAHOMA WEDNESDAY EVENING, MAY 17, 1911

NUMBER 36.

NOTICE TO THE TRADING PUBLIC

We will, on Saturday, May 20th, open for business our General Merchandise Store in the building west of the Ada National Bank, and will convince the discriminating buyer that we are in a position to quote prices that will not be met by competitors. While our stock is not complete in every detail as yet, there being large consignments of goods en-route, we have in stock now about \$20,000 worth of good dependable Dry Goods, Notions, Ladies' and Gent's Furnishing Goods, bought at 50c on the dollar which enables us to sell at less than wholesale cost and still make a profit. Within a few days we will open our grocery department which we expect to make the most complete and up-to-date grocery store in the city. In this department, as well as throughout our immense stock, we expect to make a specialty of High Values and Low prices. Call on us and let us show you our goods, tell you how much we want your trade, and how we are going to try to get it. Very respectfully.

MEETING OF COMMERCIAL CLUB

COMMITTEE ON ORGANIZATION
APPOINTED—MAY SEND MAN
WITH 'FRISCO BOOSTER
TRAIN.

The second meeting of the commercial club was held last evening and was well attended by the leading business men of the city.

On motion S. M. Torbett was made chairman of the meeting. The first question presented for solution was that of membership, several firms having signed as such. A motion of-

ferred by Mr. Rinard that all members come in as individuals and not as firms, was carried. It was proposed to create two grades of membership, the associate members to be taxed a smaller amount than the other. It was argued that the proprietors of businesses and property owners should be taxed heavier than others who have small property interests in the city. On the other hand, it was argued that in the club itself all should pay alike and that when additional money was needed it would be raised from among the business men, and the matter would be equalized in that way. The latter view finally prevailed and a motion to create the two divisions of membership was voted down.

A motion was offered by S. M. Shaw that the organization be per-

fect by the election of officers. Otis Weaver offered a substitute directing the chair to appoint a committee of five on organization, who should outline a plan at the next meeting. The motion prevailed and then a question arose concerning the powers of the committee to make nominations. Mr. Weaver declared that he had no such idea when he offered the motion, but after some discussion a motion prevailed that this power be conferred upon the committee.

A communication was read from F. S. White agricultural and horticultural commissioner of the Frisco railroad offering to bring his car of exhibits to Ada and deliver a lecture to those interested. On motion of Mr. Weaver an invitation was extended him.

The last matter to come before the meeting was that of sending a representative with the Frisco booster train that will leave Muskogee May 23. E. D. Austin moved that a committee of three be appointed to solicit funds to send a man, Motion carried and E. D. Austin, W. S. Morrison and A. H. Burgess were appointed. S. M. Torbett was elected to make the trip in case the funds were forthcoming.

The next meeting of the club will take place Tuesday evening of next week.

—ADD commercial club...
The chairman deferred the appointment of the committee on organization until today. After due consideration he announced the following five, who with the chairman, who was made a member on motion, compose this important committee: R. W. Simpson, A. K. Thornton, W. S. Morrison, M. Levin and Rev. E. M. Sweet.

T. J. Chambliss was in from Stratford this morning transacting business and giving his many old time friends the glad hand.

WHAT THE CENSUS SHOWS

Comparison of Figures for Pontotoc County—Federal Census Returns of 1907 and 1910.

The census bulletin just issued by the federal bureau gives the following detailed returns for Pontotoc county. It will be noted that Ada made a substantial gain in population during the period from August, 1907, to April 15, 1910. Roff and Stonewall show slight decreases and Francis makes a slight gain.

Of the townships Chickasaw, Francis, Maxwell and Stonewall show gains, while Allen, Pittsburgh, Midland show losses.

ADA NORMAL LOSES ARKANSAS DEBATE

B. L. French and Roy Ehrbridge, the normal debating team that met the Arkansas normal team at Conway on the 15th returned here this morning. Prof. Lilly who accompanied them, states that the Ada men put up a powerful fight and are classed the Arkansas champions at every point, but the decision went against them. The first judges agreed upon could not or would not serve, and in the hasty selection of substitutes the Ada boys did not fare so well.

This is the first time the Ada normal has met another school but the News hopes it is only the beginning of a system that will prove profitable to the young men.

E. R. Stewart of Arlington, Tex., is here today working in the interest of the Home Mission and Rescue Commission of Arlington.

REFRIGERATORS EASY PAYMENTS SMITH

203-5 W. Main St.

the line that the demands of the socialist party offered a better prospect for relief than those of the democratic party. Roland went after the socialist doctrine of eliminating competition, showing that competition was the mainspring of all progress and that when it ceased all incentive to further advancement was gone. He also attacked the socialist theory of land tenure and proved that it would mean nothing more than paying rent to the government. He proved by the scriptures that individual ownership of land is just, but the socialist admitted that he was an infidel and placed no stress on the Bible.

In the evening Bolen led off with a discussion of the principles upon which the democratic party, tracing its growth and development and the wonderful progress made during the half century when it had control of the national government. He asserted and was not contradicted, that the democratic party had never passed a law detrimental to labor. He then took up the tariff and showed how under its wing the special interests have fattened at the expense of the public since the republican party came into power. He showed the difference between actual fact and theory of what a condition should be.

Clark made a speech very much in line with the one of the previous evening. He denied that the tariff had anything to do with conditions and advanced government relief of the unemployed by loans of fiat

money to states and municipalities to enable them to carry on extensive systems of public works.

COURT MADE A RECORD IN SEMINOLE COUNTY

Last week's Wewoka Democrat gave an account of the wonderful record made at the recent term of district court at that place. In eight days there were nineteen convictions or pleas of guilty, one acquittal and six forfeitures of bonds. The Democrat is unsparing in its praise of Judge McKeown and County Attorney Pryor, who won his victories against heavy odds.

J. E. Jones left for McAlester this morning to attend the meeting of the state pharmaceutical association.

Get the habit—Buy your bread from the Model Bakery wagon. 29-dtf

WE DO SELL GROCERIES

Not by accident, but because the goods we sell are right in quality and right in price. We want your trade—not on sentiment—not on friendship alone—but on merit. It must be good if we sell it. We invite all, especially the ladies, to come to our store and take a look through, we believe you will find your every want met in Quality Goods and palate tickling dainty things for the table

L. A. SANDERS & SON
Phone 424

No. 91

It is only natural that a powder which soothes and refreshes your skin will bring comfort and beauty. No housewife would think of paying the same price for every baking powder on the market. There is just as much difference in talcum powders, but few people know it, and all powders sell at about the same price.

You owe it to yourself to be careful what you put on your face. It is just as im-

portant as what you eat. The talcum we sell is made from the purest and best materials. It costs us more than the other kind but it DOESN'T COST YOU ANY MORE. If it pays us to sell this kind on a far smaller margin of profit, it stands to reason that it pays you to buy it.

script.

THE STANDARD OIL DECISION.

Public men are now speculating on
the probable effect of the Standard
Oil decision. Contrary to expectations
it did not materially affect the price
of stocks on the New York exchange
and when carefully analyzed the vic-
tory appears to be a rather barren
one. The court decided that unless
a corporation was using its power
unreasonably to control and restrain
trade it was not violating the law.
It will now be up to the government
to establish the fact of the reason-
ableness or unreasonableness of the
restraint before it can make a case
that will stand. The chances are that
the Standard Oil company is losing
no sleep over the decision. It will
probably reorganize and continue
business at the old stand and wait
until the courts decide that the com-
bination is unreasonable and then
take some other tack against the
wind.

THE VALUE

Of well-printed, neat-
appearing stationery as
a means of getting and
holding desirable busi-
ness has been amply
demonstrated. Consult

Sixty Years the Standard.

OUR SQUABBLING NEIGHBORS.

Oklahoma City bids fair to lose
her reputation for the harmony that
has made that city the greatest of
the Southwest. Just now the interest
of the public is absorbed in a fight
between the old city government and
the new commissioners, the first re-
fusing to step down and hand over
the reins to their successors. In ad-
dition to that the school board is
rent into factions and two bodies,
each claiming to be the real board
are transacting business. Tulsa is al-
so torn up over the school board
question, the city boasting of two
school boards, two superintendents
and two faculties for the next term
of school. Sulphur is also engaged
in factional fights, it appearing that
one faction is bent on landing the
other in jail. Ada is to be congrat-
ulated on the harmony prevailing
among its citizens and the utter ab-
sence of any factional feeling. This
spirit means prosperity and progress.

Mrs. Mason Improving.

Mrs. B. A. Mason was operated on
at 3 o'clock this morning for appen-
dicitis. It was at first feared that the
operation might have been delayed a
little too long, but late this after-
noon the News was informed that she
was doing well.

The Mighty Lesson of Real Sanitation Has Been Learned by Our Army.

There were many hopeful signs.
There was sickness in the camp, of
course, for there were many, many
recruits in it, and recruits always
bring the sickness in; but there was
practically none among old-timers—
second, third or fourth enlistment
men. Measles, mumps and typhoid
they dodge cleverly, these days. Few
men except the freshly joined and
a few with whom the newly typhoid-
inoculation had gone a little hard
were in the hospitals. The new ty-
phoid-inoculation knocks everyone
who takes it, for a day or two.

The mighty lesson of real sanita-
tion has been learned—there is no
doubt of that. It is hard to keep
things tidy, where, when it rains (and
the Army took with it the heaviest
rains known in that part of Texas,
at that season, for a long period of
years) the soil forms in a "gumbo"
which gathers on the tramping feet
to the weight of a full pound, and
where, when it is dry, the dust flies
in such clouds that one must keep
his eyes half shut in order to protect
them and see clearly how to guide a
mounted animal. It is hard to keep
things clean—but they were kept
clean down at San Antonio.

The wonder of their cleanliness and
the importance which by the regulars
is attached to it has been, indeed,
so far as I can learn, the thing which
most impressed the assigned officers
from the state militia organizations,
here from many sections of the union.
—From "With the Army in Texas," by
Edward Marshall in June Columbian.

Trolley Car Accident.

Oklahoma City, Ok., May 16.—E. L.
Carruthers, a motorman, was killed
and eight persons, all of Oklahoma
City, were seriously injured about 10
o'clock tonight when a Britton In-
terurban car jumped the track near

the street car station, three miles
north of Oklahoma City.

The injured are Rev. L. L. Burkett,
Mrs. Della Waymire, Miss Stella
Hughes, Mrs. J. H. Frost, L. J. Fow-
ler, his wife, his daughter, Frances,
7 years old, and his 11-month-old
daughter.

The accident occurred at an isolat-
ed spot.

Passengers who were on the car
state that it was going at a high
speed and jumped the track as it was
rounding a curve.

The body of the car was torn from
the trucks and dashed against a trol-
ley pole. It was smashed almost into
kindling.

YOU SHOULD BE INTERESTED

in any method that reduces the la-
bors about the household. Electricity
saves many steps and is the best
servant you could install in your
home. A few of the many things you
are able to accomplish with the use
of electricity besides lighting your
home: There is washing the clothes,
operating the sewing machine, cook-
ing, baking, heating and ironing.
Electricity is no longer a luxury—
it's a necessity.

Youthful Baseball Phenomenon.

Spokane, Wash., May 17.—Paul
Strand, southpaw pitcher on the Spok-
ane team of the Northwestern Leag-
ue, just sold to the Boston Ameri-
cans for \$5,500, is the youngest play-
er in organized baseball in America.
He is a native of the state of Wash-
ington, born in December, 1893, on a
farm at South Prairie, where his par-
ents settled 20 years ago, soon after
arriving in this country from Swed-
en.

There are several interesting in-
cidents in young Strand's brief car-
eer. He won his first three profes-
sional games playing with Spokane
this season, allowing but 15 hits and
striking out 30 men. In the second
game here against the Victoria (B. C.)
team he struck out the first three
men at bat with nine pitched balls.

Strand is a trifle more than six
feet in height and weighs 180 pounds.
He has developed unusual speed and
shows control and some generalship.
Veterans declare he will be the
sensation of the year as soon as he
acquires some of the finer points of
the game. He is a natural player,
throws well to the bases and works
fast. Off the field he is quiet and re-
served, passing his leisure in study.

His playing with the South Prairie
team last summer attracted the at-
tention of Joe Cohn, manager of the
Indians, who secured the youngster's
parents signatures on a contract, be-
fore the other leaguers could get to
them. Cohn's judgment was verified
soon afterward, when Strand, then
pitching for his home team, shut out
Tacoma's crack amateur team, al-
lowing three hits and walking 18
men.

"My parents were opposed to my
plan to become a professional ball
player," said Strand in an interview
in Spokane recently. "My mother
cried at first, but afterward con-
sented, telling me to be a good boy
when away from home. Father inti-
mated he would not spare the strap
if I failed, so I just had to make
good."

Artistic Concrete Surfaces.

Recently much attention has been
devoted to surface treatment of con-
crete structures, and some artistic
and pleasing effects are being obtain-
ed. This is serving the purpose of
eliminating objections raised by archi-
tects and others to the use of con-
crete for exposed surfaces. From an
artistic standpoint the ordinary, un-
treated concrete surface, it must be
admitted, is anything but pleasing in
appearance, being a comparatively
lifeless surface of a sombre, grayish
color. It makes no difference what
cement, sand or aggregate is used or
how they are mixed, the surface is
always the same, and it has been this
monotonous similarity in the appear-
ance of all untreated concrete sur-
faces that has caused architects to
object so strongly to their use for
ornate structures. Those who have
devoted study to the subject have
demonstrated that by using various
kinds of aggregates and by brushing,
rubbing and tooling the surface
causes the aggregate to be exposed
and a variety of exposed surfaces
can be secured. The results of this
work will cause concrete to be more
generally used for the best grade of
structures than perhaps any other
previous development in the indus-
try. An interesting illustrated treatise
on this subject has been published
by the Universal Portland Cement
Co. of Chicago and Pittsburg, under
the title of "Concrete Surfaces." The
subject is considered in thorough de-
tail, and directions are given for
properly securing the desired effects
of exposed surfaces, but numerous
illustrations (among them several
color plates) show in detail the splen-
did results that are being achieved.
Copies of this booklet will be sent
without cost to inquirers.—Ex.

Eczema Cure a Beauty Wash.

Although D. D. D. Prescription has
been recognized for years as the one
remedy for Eczema, Psoriasis, and
all other forms of skin diseases, it is
now known that there is no other
wash, even those used by the beau-
ty specialists, that can compare with
this mild liquid for cleansing the
skin of pimples, blackheads, rash,
and all similar skin affections.

For this reason alone, a bottle of
D. D. D. should be kept on hand in
every household. A trial 25c bottle
will show you the merits of this
great remedy as a complexion wash.

D. D. D. seems to remove the cause
whatever the trouble may be, cleans-
ing the skin, and leaving it as soft,
as smooth and clear as that of a
healthy child.

Get a 25c bottle today and keep it
in the house.

may not paralyze a home so comple-
tely as a mother's long illness. But
Dr. King's New Life Pills are a splen-
did remedy for women. They gave me
wonderful benefit in constipation and
female trouble, wrote Mrs. M. C. Dun-
lap, of Leadhill, Tenn. If ailing, try
them. 25c at Ramsey Drug Co.

A MERCHANT

WHO DOES NOT ADVERTISE

**Believes it More Profitable to Sell to Peo-
ple Who Know Little About What
Things Should Cost!**

He is content to do without the patronage of the
people who read ads--and who thus KNOW
PRICES and VALUES--if he can get a "lucky
share," through "location" or other reasons, of the
patronage of people who are not educated, by ad-
vertisements, to "know."

He realizes that as soon as any of his patrons be-
come ad readers, he loses their trade--but he hopes
that there may always be a great per centage of
shoppers who do not read ads. And he knows
that with such shoppers he stands on equal footing
with the enterprising merchant.

**A Merchant's Best Reason For Not Advertis-
ing Is Your Best Reason For Not
Patronizing His Store!**

Notice.

Notice is hereby given that the
City Council of the City of Ada, at its
regular meeting to be held at the
City Hall on Monday, May 22nd, 1911,
at 8 o'clock P. M., will receive bids
for sweeping, cleaning and sprinkling
the streets of said City of Ada. Se-
parate bids will be received for sweep-
ing and cleaning, and for sprinkling,
also bids will be received for all the
work together. The council reserves
the right to reject any and all bids.

CHILDREN IN THE HOME

This great remedy assists nature in all necessary physical changes of the system, affords bodily comfort during the period of waiting, and preserves the symmetry of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

BRADFIELD REGULATOR CO.,

MOTHER'S FRIEND

The highest type of happiness is reached by having children in the home; but the coming of the little ones is often attended with apprehension and dread. Mother's Friend if used by the expectant mother in preparation of the ordeal, carries her through the crisis with safety.

Application for Pardon.
Washington, May 16.—Through Representatives Ferris and McGuire of Oklahoma, an appeal will be made to President Taft to pardon C. E. Billingsley, president of the defunct Capitol National bank of Guthrie, Ok., who last fall commenced serving a seven-year term in the federal penitentiary at Fort Leavenworth on the charge of false entries in the bank's books at the time of the failure.

DIAZ MAY STEP DOWN

AGREEMENT WITH REBELS AL-
MOST REACHED—LA BARRA
TO BE PROVISIONAL
PRESIDENT.

City of Mexico, May 16.—There was some anxiety and a little irritation apparent in the capital this morning because there was as yet no official publication forthcoming in regard to the manner in which and when Diaz and Corral are to resign and the temporary government under the presidency of De la Barra will be established. However, I believe I have the best reasons for thinking that this delay in publishing the plans and resolutions which have been reached has not the importance which for the moment, at least, the public is attaching to it. The delay should not be interpreted that any hitch has arisen or obstacle presented itself. There may be further modifications. There are apt to be in Mexico, always, but as a matter of fact, tonight everything is arranged even to the names of the provisional ministry which will serve with De la Barra until the elections, which will be hurried along, are held. Of course the whole arrangement may be upset but tonight there is every human probability that peace will be declared on a definite basis.

May 25 the Date.
The resignations of Diaz and Corral will be received and filed away and the provisional government duly installed on or about May 25. By that date barring accidents, Gen. Reyes will have arrived in the Capital, and he will immediately take charge of the Ministry of War. While De la Barra, provisional president, with congress will issue writs for the new elections. Gen. Reyes will be especially charged with enforcing law and order and in the pursuit of suppression of banditti, which now, as in every civil war, are hanging on the fringe of both armies, one day bringing disrepute upon one, the next day upon the other of the contending parties.

Gen. Reyes should arrive at Havana on May 18 or 19. There he will find awaiting him safe conduct from Senor Carranza, Minister of War in Madero's cabinet. While in Havana Reyes will issue a manifesto, in which he will say that his homecoming is merely inspired by the desire to perform his civic duties, that he comes animated by the most pacific purposes and resolves that he has not the slightest desire to oppose, as has been suggested he had, the will of the people, but that he comes as a patriotic soldier to enforce the will of the people. As soon as Reyes is in the capital and sooner, should the necessity or emergency arise, the resignations of Diaz, Corral and as yet an undetermined number of governors of states will be published in the official gazette and the provisional government will be quickly installed.

Body Found In Pond.
McAlester, Ok., May 16.—Boys swimming in a deep pond near the Rock Island depot in Krebs found the floating dead body of Pasquale Barardo, an Italian 26 years old. Investigation showed he had been drowned. He was last seen Saturday midnight.

The Risk Is Ours

We want every woman in this city to know of the beneficial results that follow a treatment of Rexall Vegetable Compound and also that we will pay for the medicine if it does not help you.

Many women are in so serious a condition that they are in need of prompt surgical treatment but, in treating the ordinary ailments peculiar to the female sex, Rexall Vegetable Compound may be relied upon to assist in restoring normal conditions, and this without risk to the patient.

We offer suffering women in Wematchee this preparation with the guarantee that it contains nothing harmful; that the ingredients are such as are commonly used by reliable physicians in treating these ailments; that we will tell you or your physician exactly what these ingredients are; and further, if after treatment, no beneficial symptoms are noticeable, we will return every cent you have paid us for this remedy—we will take the risk.

Remember Rexall Vegetable Compound is sold only at our store—The Rexall Drug Store. Price, \$1.00. Gwin & Mays Drug Co.

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all dealers.

Influence of College Debating Societies.

The annual banquet of the Senate Literary and Debating Society, held at the University last week, called forcibly to mind the fact that some of the greatest public men the country has ever known have received their primary training in the debating clubs of the colleges and universities of the land. The value of these student activities can scarcely be estimated when it is remembered that such leaders as Robert E. Lee, William McKinley, Jefferson Davis, Henry W. Grady, Senator La Follette, and many others of this and the past generation first learned to express clearly and convincingly their thoughts in the halls of college debating clubs. Over 50 per cent of the men who have graduated from the University of Oklahoma were members of the Senate while in college. Already the Senate and Forum, the two oldest debating societies of the state university, have sent forth many men who though still youthful are beginning to attain prominence in the affairs of the state, and time may enable them to boast names of national fame. No boy—or girl either in this age—who goes to college, can afford to neglect the opportunity which these organizations offer.

THROW OUT THE LINE.

Give the Kidneys Help and Many Ada People Will Be Happier.

"Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute.

Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

O. P. Oldham, prop. of store, Coalgate, Okla., says: "I began using Doan's Kidney Pills about six months ago when I was feeling out of sorts, as the result of disordered kidneys. I suffered from dull pains through my back and loins and other pronounced symptoms of kidney disease. Being advised to try Doan's Kidney Pills, I procured a box and they proved to be just what I needed. Soon after I began using Doan's Kidney Pills the backache disappeared and my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Tallest Building in the World.
The Woolworth Building, which is being erected at the southwest corner of Broadway and Park Place by F. W. Woolworth, the 5 and 10-cent store man, will be finished a year from next fall. This building, of which very little has been made known, will be the tallest office building in the world. It will be fifty-five stories high, and next to Eiffel Tower, in Paris, will be the tallest structure that has ever been erected. It will be taller than the Metropolitan Tower, which now holds the record by fifty feet, and will be thirteen stories nearer the clouds than the Singer building, the next tallest structure, it will measure 750 feet from the top of the cupola down to the street level and will contain more than 20,000 tons of steel girders, thirty-six elevators, 13,200,000 cubic feet of space, a swimming pool in the basement, an observatory station in the tower, four self-containing stairways and the cost will be more than 7½ million dollars.

The main structure will be twenty-nine stories high and will measure 152.1 feet on Broadway, 197.10 feet on Park Place, and 192.6 feet on Barclay street. One of the principal features of the building will be a tower which will rise from the main structure 366 feet. It will be twenty-six stories high and will be eighty-six feet wide and eighty-four feet long. On the top of this will be an immense electric light which may be seen for miles around the country. On the fifty-fourth story will be the observatory, which Mr. Woolworth proposes to open to the free use of the public.

The structure will be one of the handsomest of its kind in the entire universe. In design it will be a combination of the Italian, French and modern Renaissance throughout the main part, with Gothic steeples at the roof of the main structure. The building will rest on a foundation which is said to be the greatest ever constructed. It will run down to bedrock a distance of from 110 to 130 feet below the street level, through caissons many of which will be nineteen feet in diameter. This part of the project, which is being built by the Foundation Company of New York, will cost 2 1-2 million dollars and will be completed in a few weeks. The general contract for the construction of the building has been awarded to the Thompson-Starrett

Ohio Grand Jury Indicts Boodlers.

Columbia, O., May 16.—Senator Edgar T. Crawford of Carroll county, and Representative A. Clark Lowry of Lawrence county, republicans, and Representative Owen J. Evans of Stark county, democrat, were indicted today by the grand jury for bribe solicitation.

Crawford is alleged to have asked \$200 from W. H. Cook of Springfield, secretary of the Ohio Butchers' and Grocers' association, in connection with trading stamp legislation. Lowry against whom an indictment had previously been returned on the evidence of detectives, is now charged with soliciting \$1,500 from Opha Moore, secretary of the Ohio Manufacturers' association for his vote on the nine hour day for women bill. Evans is alleged to have solicited a bribe of \$650 from John F. Weiss of Canton, secretary of the Stark-Tuscarawas breweries, for his vote on one of the city local option bills.

The indicted legislators entered their appearance and gave bond of \$5,000 each.

Following its report the grand jury was excused until May 31. The trials will commence Thursday.
